General Consent

I agree that if I have booked my cats in to share a family pen that they maybe split into separate pens if there is concern for the cats wellbeing and safety, I also agree to cover any additional costs that may occur.

I understand that my cat/cats will receive appropriate attention to their requirements.

I agree that any items I bring from home to be placed in the pen with my cat/cats will be documented on arrival but will be left at my own risk.

I give permission for worm/flea treatment to be given if necessary.

Veterinary Consent

I agree that in the case of suspected illness a veterinary surgeon may be contacted (where possible this will be your own vets), my cat examined and investigations performed if required (e.g. blood tests, x-rays) and an appropriate course of action will be taken on the advice of the veterinary surgeon.

I agree to the cattery administering any prescribed treatment the vet considers advisable.

I understand that the veterinary consultation, tests and treatment will be at my own expense.

I also give consent for euthanasia should this be recommended on humane grounds by the veterinary surgeon caring for my cat, in consultation with my own veterinary surgeon and/or person.

Every effort will be made to get in touch with you or your emergency contact to discuss an appropriate course of action for your cat and we will endeavour to keep them updated throughout the process.

I have discussed the options for dealing with my cat with the cat proprietor.
